

11/03/11

On November 6th there will be a power outage at City Hall/Library for ONCOR to install new power poles and transfer the transformer at the City Hall building. The power outage will begin around 7a.m. and last to around 2 p.m. Due to this power outage, some of the network connectivity at City Hall will be unavailable. The Library will be closed but their website, catalog, and 24/7 electronic resources will be available. We apologize for any inconvenience while this necessary maintenance occurs.
